

ANGUS & DUNDEE AREA NETWORK Environmental Policy

VisitScotland Angus & Dundee Network are committed to reducing the impact of our activities on the environment and promoting our natural heritage, in a way which benefits all, whilst protecting our natural resources.

- We participate in and shall promote the “Green Tourism Business Scheme” <http://www.green-business.co.uk> to staff, customers and visitors through publications and our website, displaying our commitment through this environmental policy.
- We shall monitor our energy use and waste output, use recyclable and environmentally friendly cleaning materials and purchase locally produced crafts and fair trade products when possible.
- We will offer a first class information service for all, highlighting the wealth of natural resources on our doorstep, how to utilise them sensibly and how to ensure their protection for future generations enjoyment.

Patrick O’Shaughnessy, Area Director, confirms the commitment to environmental consciousness by the VisitScotland Angus & Dundee Network.

Patrick O’Shaughnessy
Area Director

Date : 16 October 2006
