Travel the Discovery Trail 2007

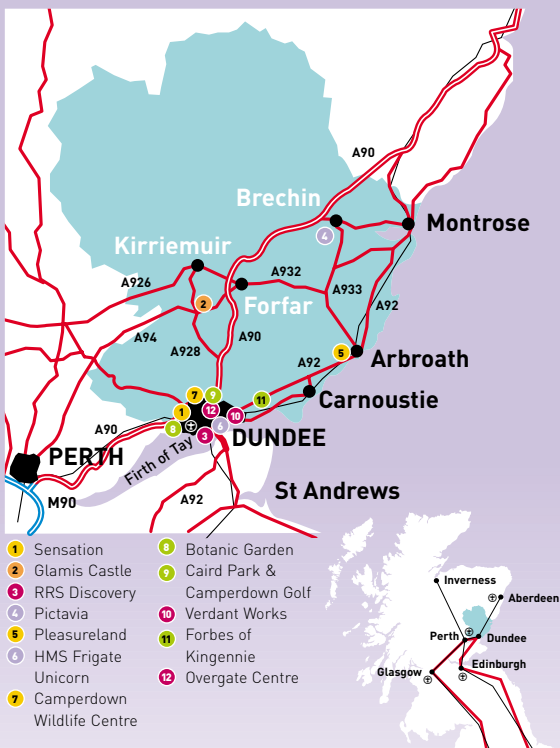

**Welcome to Angus & Dundee
in the Scottish East - where
you'll discover more than you
could possibly imagine.**

Naturally, there's a world of spectacular Scottish scenery and coastline, a wealth of colourful Scottish heritage, and the gateway to the incomparable Scottish Glens. There's also the historic as well as cosmopolitan waterfront city of Dundee that'll fascinate the most demanding visitor. Yet we're proud to promise so much more than this across the surprisingly undiscovered side of Scotland.

It's a place where you'll be free to indulge your passions, taste temptation, surprise yourself, and surrender to your sense of fun. There's so much on offer you'll want to stay longer.

Because the Scottish East is so accessible you really won't have to travel far to discover the many experiences we offer. So that's why we've come up with this passport of vouchers to make it even more worthwhile.

We invite you to travel the Discovery Trail. To track down just some of the great attractions included in this introductory guide, we know you'll be hooked. It's one spectacular destination, a world of discovery, and much, much more.

We look forward to welcoming you.

Verdant Works is a tale of two cities - both of them Dundee. For thousands of people in the 19th Century, Dundee was a city of long working hours, poor pay and ill health. For the privileged few it was a city of opportunity and wealth. At

Verdant Works the rattle and roar of the original restored machinery, the Juteopolis film show and the computer displays recreate the experience. A visit will transport you back over 100 years to an era when jute was king and Dundee was its realm.
